Aroma diffuser OASIS 200

1. Specifications

2. Application

1. Specifications

Material: glass, plastic, rattan

Dimensions: 66 × 95 mm

Weight of diffuser: 360 g

Volume: 200 ml

Warranty: 2 years

Package contents: diffuser, rattan sticks

2. Use

1) Remove the diffuser cover

2) Mix one of the following blends into the diffuser:

1. Combination of at least 40% pure alcohol and selected essential oil (use approx. 40 drops of essential oil per 20 ml, depending on the desired fragrance intensity);

2. Combination of non-aromatic vegetable oil (we recommend fractionated coconut oil) and selected essential oil (use about 40 drops of essential oil per 20 ml, depending on the desired fragrance intensity).

In both cases, do not exceed 200 ml.

4) Insert the rattan sticks in the diffuser and rotate them regularly every 7-10 days.

5) Make sure that the diffuser stands on a level surface, both when using it alone or when filling it with liquid.
